Uto, outdoor
design Lagranja Design
2005

Uto is a transformist, fun, pleasant to look
at and to touch, thanks to the softness of its
material. Uto changes according to the needs of
the moment. It can be used as a floor or table
lamp, hung from the wall or the ceiling, set in
the living room or in the garden.
Uto is a fully flexible model, and it is available in
white, yellow and orange.
Reassuring and familiar despite its innovative
design, Uto is ideal wherever one wants
to add a lighting element with a playful and
chameleonlike personality.

Uto, outdoor
technical info

Description

Table, floor and suspension lamp with diffused and direct light. Cone-shaped diffuser and tube made of thermoplastic elastomer, the cone is injection moulded and the tube is extruded. Internal opaline polycarbonate cone-shaped diffuser, translucent polycarbonate screen. The luminaire is supplied with an IP44 terminal for outdoor use; the box includes a plug to adapt it to an indoor lamp as well as instructions on how to shorten the tube. The ON/OFF switch is fitted inside the tube where the diffuser cone is attached.

Lagranja Design

**Lagranja – design for companies and friends
– is set up in Barcelona in 2001 by Gerard
Sanmartí and Gabriele Schiavon.
It is a multidisciplinary design firm (interiors,
exhibition design and product) that works
between Italy and Spain with public and private
clients. To their professional activity the office
have added the educational one (IED, Fabrica,
Escuela Superior de diseno Elisava, BCN,
IUAV).**
